Based on extensive academic and field research, *China's Second Wives* offers an intimate look into China's *Ernai* (second wife) phenomenon, a modern incarnation of the concubine tradition of feudal China. To unveil the mystery of this new social phenomenon in China, the author went undercover to infiltrate secret second-wife online chatrooms. She tracked down a second wife broker and second wife lawyer and personally interviewed and befriended some second wives from the chatrooms and elsewhere. She interviewed friends, family, and classmates she had grown up with in China to understand how the modern pressures of Chinese life that gave rise to the second wife phenomenon had impacted them. She mingled in the banquet culture of China's power elite, male bastions where young mistresses are signs of power and *mianzi* (face). A page-turner, *China's Second Wives* takes readers on an unforgettable tour of life in contemporary China. What the author uncovered surprised even herself.
