## **CONTRODIZIONARIO DELLA SALUTE (Italian Edition)** Nicola Sassi

Oggi alcune persone diventano ricchissime vendendo cibi dannosi alla salute anche perché molte nozioni comuni che sono trasmesse sul cibo, la salute e la malattia sono sbagliate. Forse si muore di più per quello che si mangia, che non per il fumo, l'inquinamento, gli incidenti o per altre cause. L'intero sistema (governo, scienza, medicina, industria e media) promuove il profitto a danno della salute, la confusione a danno della chiarezza. Spesso gli scienziati non sono onesti ricercatori della verità come molti credono ma, sedotti dal denaro e dal potere, proteggono gli interessi personali a danno del bene comune. Le più prestigiose riviste scientifiche sono in realtà veicoli di marketing per le case farmaceutiche ed i medici spesso non hanno alcuna formazione sulla influenza dell'alimentazione, della psiche e dello stile di vita sulla salute. In queste condizioni ho creduto nell'utilità di questo libretto che raccoglie i risultati delle ultime indipendenti, serie ricerche scientifiche evidenziando menzogne e omissioni dei mass media. Se sei aperto ma non riponi cieca fiducia negli altri questo opuscolo, offrendoti interessanti spunti di riflessione, molto probabilmente ti piacerà.
