Handbook on Teaching and Learning in Political Science and International Relations (Elgar Original Reference) John Ishiyama, William J. Miller, Eszter Simon

'Political scientists teach countless students at universities around the world. With the advent of online education and the growing demand for quality instruction, this new Handbook is very timely and valuable. The editors have assembled an outstanding group of authors who offer many highly useful insights and tools for more effective and innovative teaching in political science. This important book should be of broad interest to political scientists interested in cutting-edge curricular and pedagogical developments.'

- Steven Rathgeb Smith, Executive Director, American Political Science Association

With a focus on providing concrete teaching strategies for scholars, the *Handbook on Teaching and Learning in Political Science and International Relations* blends both theory and practice in an accessible and clear manner.

In an effort to help faculty excel as classroom teachers, the expert contributors offer representation from various types of institutions located throughout the world. Split into three distinct parts, this book discusses:

- curriculum and course design
- teaching subject areas
- in class teaching techniques

This important *Handbook* is an essential guide for anyone looking to teach political science and international relations at the university level.
