One Little Finger Malini Chib

This is the autobiography of Malini Chib—a woman who defied all odds to emerge victorious in spite of a crippling disability and an indifferent society; who dragged herself out of the limits of her condition. This is the story of Malini's search for independence and identity, and her zeal to live a full, meaningful life despite the lifelong disability of Cerebral Palsy. She recounts her experiences from childhood to adulthood, her struggles with motor skills and speech, managing day-to-day activities, and the apathy and indifference of people towards her and others who are disabled. She educates herself, learns to type with her little finger and speak through the Lightwriter. Finally, she works through unfavorable social systems and attitudes to get a career as an event manager.
