Prespacetime Journal Volume 5 Issue 1: Standard Model, Causal Structure, Modified GR & Origin of Gravity Quantum Dream Inc.

Prespacetime Journal ("PSTJ," <http://www.prespacetime.com>) is a publication in which physicists, mathematicians and other learned scholars publish their research results and express their views on the origin, nature and mechanism of spacetime and its possible connection to a prespacetime. It is also a journal where all learned scholars can present their models and experimental results on elemental particles, fundamental forces including gravity and related topics. This is PSTJ Volume 5 Issue 1 first published in January 2014. It is entitled "Standard Model, Causal Structure, Modified GR & Origin of Gravity" and contains following articles: (1) Limitations of Perturbative Renormalization and the Challenges of the Standard Model; (2) On the Causal Structure of the Universe; (3) Magnetized Kerr Geometry; (4) FRW Cosmology for Decay Law with Time-varying G , λ & q ; (5) A Brief Note on Graphene and High Energy Physics; and (6) The Connection between Quantum Mechanics & Gravity.

From reader reviews:

Curtis Wilson:

Book is actually written, printed, or illustrated for everything. You can learn everything you want by a e-book. Book has a different type. To be sure that book is important thing to bring us around the world. Adjacent to that you can your reading ability was fluently. A e-book Prespacetime Journal Volume 5 Issue 1: Standard Model, Causal Structure, Modified GR & Origin of Gravity will make you to always be smarter. You can feel considerably more confidence if you can know about everything. But some of you think which open or reading some sort of book make you bored. It is far from make you fun. Why they can be thought like that? Have you in search of best book or appropriate book with you?

Jimmy Stansberry:

In this 21st hundred years, people become competitive in every single way. By being competitive at this point, people have do something to make these people survives, being in the middle of typically the crowded place and notice simply by surrounding. One thing that at times many people have underestimated the idea for a while is reading. Sure, by reading a guide your ability to survive improve then having chance to stand up than other is high. For yourself who want to start reading a book, we give you this Prespacetime Journal Volume 5 Issue 1: Standard Model, Causal Structure, Modified GR & Origin of Gravity book as beginner and daily reading guide. Why, because this book is more than just a book.

Tina West:

Spent a free a chance to be fun activity to try and do! A lot of people spent their sparetime with their family, or all their friends. Usually they doing activity like watching television, about to beach, or picnic inside the park. They actually doing same every week. Do you feel it? Do you need to something different to fill your own personal free time/ holiday? Might be reading a book might be option to fill your no cost time/ holiday. The first thing you will ask may be what kinds of reserve that you should read. If you want to consider look for book, may be the publication untitled Prespacetime Journal Volume 5 Issue 1: Standard Model, Causal Structure, Modified GR & Origin of Gravity can be good book to read. May be it might be best activity to you.

Alex Tipton:

Reading can called head hangout, why? Because when you find yourself reading a book especially book entitled Prespacetime Journal Volume 5 Issue 1: Standard Model, Causal Structure, Modified GR & Origin of Gravity the mind will drift away trough every dimension, wandering in every aspect that maybe not known for but surely can become your mind friends. Imaging every single word written in a guide then become one contact form conclusion and explanation in which maybe you never get previous to. The Prespacetime Journal Volume 5 Issue 1: Standard Model, Causal Structure, Modified GR & Origin of Gravity giving you a different experience more than blown away your head but also giving you useful

information for your better life on this era. So now let us demonstrate the relaxing pattern at this point is your body and mind is going to be pleased when you are finished reading it, like winning a game. Do you want to try this extraordinary investing spare time activity?
