Self-Assessment Activities for School Administrators: A Companion to Making Technology Standards Work for You Susan Brooks-Young

Full implementation of the National Educational Technology Standards for Administrators (NETS-A) is a complex process because it reflects the multifaceted challenges of school administration. Susan Brooks-Young shows you an efficient way to work through the process with this collection of activities and assessment tools. Keyed to the in-depth discussion of the NETS-A performance indicators in her bestselling *Making Technology Standards Work for You*, this book provides a systematic approach to standards alignment.

FEATURES

Individual Survey of NETS-A Skills for site- or district-level leaders
Action plan format to support personalized professional development programs
CD-ROM with electronic copies of all activities and worksheets

Also available:

Teachers as Technology Leaders: A Guide to ISTE Technology Facilitation and Technology Leadership Accreditation - ISBN 1564842266

Visual Arts Units for All Levels - ISBN 1564842428

The International Society for Technology in Education (ISTE) is the trusted source for professional development, knowledge generation, advocacy and leadership for innovation. ISTE is the premier membership association for educators and education leaders engaged in improving teaching and learning by advancing the effective use of technology in PK-12 and teacher education. Home of the National Educational Technology Standards (NETS), the Center for Applied Research in Educational Technology (CARET), and ISTE's annual conference (formerly known as the National Educational Computing Conference, or NECC), ISTE represents more than 100,000 professionals worldwide. We support our members with information, networking opportunities, and guidance as they face the challenge of transforming education.

Some of the areas in which we publish are:

- Web. 2.0 in the classroom-RSS, podcasts, and more
- National Educational Technology Standards (NETS)
- Professional development for educators and administrators
- Integrating technology into the classroom and curriculum
- Safe practices for the Internet and technology
- Educational technology for parents
