**Those Challenging Cracks of Secularism: In and Beyond** Oliver O. Nwachukwu

Lack of religious enthusiasm is a universal nemesis with long-ranging effects. In *Those Challenging Cracks of Secularism*, author Rev. Oliver O. Nwachukwu shows how secularism can further deepen dividing lines among people. The negatives solicited by indifference to authentic religious values and the erroneous use of force to enlist membership by religious extremists are two extremities *Those Challenging Cracks of Secularism* opposes in the search for ultimate truth. Aggrieved by the negative effects of competing alliances on core Christian religious teachings and values, the book discusses the recent ecclesiastical wrangling in the Episcopal Church that began with the ordination of gay priests and blessing of same-sex union. It further treats the recent clerical sex abuse scandal, allegations of cover-up, the financial burdens on the affected dioceses, as well as homosexuality in the priesthood. The mythological anabasis of the Old Testament books have often been interpreted wrongfully by fanatics to engage in senseless killings of innocent people in the name of God, something that has led to the mistaken practice of shutting religion off public places as private. No one should be denied the privilege of close relationship with God through attitude of religious indifference. Economic obsessions, technological enslavement, proliferations of arms, racial intolerance and unbridled political correctness have diluted religious values so much that people are constantly burdened with mistrust and skepticism.
