## Unlock the Secrets of Philosophy

### *Explore the World of Ideas*

In *Philosophy Basics: A Jargon-Free Guide for Beginners*, Dr. Doug Erlandson offers an easy-to-understand guide to the study of philosophy.

His simple, non-technical approach covers the major topics of philosophy in a way that even those who have no familiarity with philosophy will understand.

*Philosophy Basics* is the result of Erlandson's three decades of teaching philosophy at the university and community college-level and is based on his classroom supplement. He has expanded, revised and polished his classroom supplement to create this exceptionally engaging and accessible introduction to philosophy.

### Here's a Preview of What's in the Book

- What does it mean to think logically?
- How do we know?
- What is the link between the mind and the brain?
- Do we have free will?
- What is morality? Does God exist? And much more.

### ??? Extra Features for Teachers and Students

*Philosophy Basics* includes study questions at the end of each section and is designed for those who want to learn the elements of philosophy on their own. It is also suitable as a textbook for introductory to philosophy classes as well as home-schooled students.

### ??? What Others Are Saying About *Philosophy Basics*

A quick and easy read . . . has given me the confidence to dig deeper into philosophy. Amazon Reviewer

I appreciate his excellent use of real-world analogies. You can tell that the author is an experienced teacher . . . highly recommended as an introduction to philosophical thinking. G. Feltner
