Attention. Deficit. Disorder.: A Novel Brad Listi

People fell in love every day, all over the world, and I didn't know how to do it. I didn't understand what it meant, and I didn't know how it was done.

This worried me.

Days after his ex-girlfriend's suicide, Wayne, a recent film school grad, flies to San Francisco for her funeral. When he learns that she aborted their child, Wayne embarks on a search for meaning that takes him to unusual places and through some of the most influential events of the past ten years.

Wayne's journey becomes a series of meditations on modern life, and he draws on everything from the ancient philosophy of Siddhartha Gautama, the warrior-aristocrat who exacted the Four Noble Truths, to a visit with Gregorio Fuentes, Hemingway's fishing guide and inspiration for the protagonist in *The Old Man and the Sea*.

Haunted by regret and wonder about what could have been, Wayne's quest for connection leads him up and down the East Coast on foot and across the American West in an RV, and finally to the Costco Soulmate Trading Outpost in the middle of the Black Rock Desert. Listi weaves innovative flashes of nonfiction throughout the story -- lists, quotations, and strange facts -- and creates a deeply emotional exploration of love, death, escape, and maturation.

Highly original and effortlessly readable, *Attention. Deficit. Disorder.* exhibits an unforgettable voice that is Listi's alone.
