With the colorful Italian background beloved in Mario Puzo and the epic drama of authors such as Ken Follet and Frederick Forsyth, *Blood Feud* is a story of survival, secrets, power, and the closeness and conflicts of family. Bestselling author David Hagberg, creator of more than twenty thrillers including *Dance with the Dragon*, calls *Blood Feud* "a fabulous first novel about one of the most fundamental of Italian obsessions...vendetta."

It is 1906 when the illegitimate five-year-old Agostino Rossini witnesses his grandfather, Carlo Batista, murder his mother. By 1916, Agostino has immigrated to America, where he uses the opportunities provided by Prohibition and the booming stock market to build what seems like the perfect life. Inside, however, he remains emotionally frozen. He has no conscious memory of the killing, yet he is tormented by horrific nightmares he is unable to explain. When a chance experience resurrects his long-suppressed memories, the twenty-eight year old Rossini finally understands both the devastating dreams and his inability to commit to the loving family life he craves. The only way to heal himself, honor his mother and move beyond his painful past is to return to Italy to confront his grandfather, Carlo Batista. But Batista--a wealthy banker with ties to Mussolini, the Vatican and the Mafia--considers himself invincible except for the secret that only Agostino can expose. Rossini's determination to expose his grandfather's crime also puts him on collision course with the man known as The Leopard, Italy's most accomplished assassin and Agostino's half-brother. In the dramatic clash between the three men, Agostino's emotional as well as physical survival is put at stake. Will he find a way to avenge his mother without losing his own life...and be able to heal from the trauma of her murder enough to claim the life of trust, family and love that he craves?
