His Mate- Brothers- Shaw and Paden- (Lycan Romance) ML Briers

Shaw didn't think much about going into town to check out the new arrival that seemed to have the collective approval of the small town. It was a way to get out from under his brothers need to rely on his every word. He might have been the Alpha, but they were both Beta's, and a little independent thinking wouldn't go amiss.

Running into her, literally, gave the Alpha more than he bargained for. The woman was running from something or someone, and his need to protect her could be his undoing. How did you break it to a human that she was your mate? How was he supposed to protect her when he couldn't even tell her what he was? With the unexpected arrival of two Fae, things got a little more complicated and deadly. Would she run when she found out what he was? Could Shaw protect his mate, even from himself?
