The Life Of Mahomet: Extended Annotated Edition

Washington Irving

The Life Of Mahomet: Extended Annotated Edition Washington Irving

This is the extended annotated edition including a detailed biographical primer on the life and works of the author.

The poverty of our literature in reference to Mahomet and Mahometanism is so conspicuous and so inconvenient that we may well receive with gratitude the author's very able endeavour to relieve it. With freedom from prejudice and independence of judgment, he combines an extensive and intimate knowledge of the most authentic sources of information, and, after several years of labour, has produced this volume in the hope of contributing to the complete elucidation and final settlement of Mahomet's real character and claims. After a careful examination of them, and after comparing them with those of sundry of his predecessors and contemporaries, it appears to us that the author has abundant reason to be gratified with the success he has achieved. Most conscientiously prepared, and based on authorities whom the Moslems themselves appeal to as decisive, his work may be used with equal confidence both by the historian and the controversialist. We heartily commend it to every one who, on so important a subject, desires to have what, on the whole, is probably the best and most complete book in any language, and shall avail ourselves of it and of other sources of information, in this paper, to present a few of the leading events of the Prophet's life, with a view to a brief illustration of his character and of the means and meaning of his success.
