The thoughts and feelings I should have felt safe enough to entrust in the hands of a Professional are now finding their way from the entrapment of my head to the healing I am finding in my writing. Revealing that although I've battled Self-Harm on the outside, the real harm was often done by Mental Health Professionals themselves.

It's been a roller-coaster ride writing this book but definitely one I had to ride to get to the other side. Determined to finally stand up for myself and to encourage others to stand alongside me.

Often dismissed, ignored, and scared into silence... Can you hear me now?
