A humanistic, holistic approach to thinking like a nurse

Olds' Maternal-Newborn Nursing & Women's Health: Across the Lifespan is a family-focused text that provides comprehensive coverage of maternal-newborn nursing and women's health with special attention to evidence-based practice, cultural competence, critical thinking, professionalism, patient education, and home/community care. Accurate, readable, personal, and engaging, the text is built upon the philosophy that pregnancy and birth are normal life processes, and that family members are partners in care. The holistic approach to maternal-newborn nursing and women's health helps readers develop their clinical-reasoning skills, and prepare for nursing practice in an ever-changing healthcare environment.

Personalize learning with MyNursingLab

MyNursingLab is an online homework, tutorial, and assessment program designed to engage students in the Maternal/Newborn Nursing course and improve results. Its guided learning path is proven to help students think like a nurse as they move beyond memorization to true understanding through application.
