Meet PISS, his designation stands for Primary Insertion/Insurgency Super Soldier, and he is genetically modified as well as having cybernetic enhancements. PISS serves in the Solar Republic military, performing the most dangerous of missions. His kind are not naturally born, thus they have no rights whatsoever, but he never complained about this; as long as he has use of the issue sex-bots that is. Soon another war started; an interstellar war between the Solar Republic and the Sagittarian Federation, which PISS became deeply involved in. After one particularly harrowing mission which cost the lives of a couple of his team members, his group was reorganized to perform more clandestine missions deep in enemy territory. His commanding officer and half of his team were replaced predominantly by 'Gen' soldiers of the female persuasion. It wasn't long before PISS was hopelessly in love with another soldier on his team, much to the contradiction of standing orders. His new commanding officer had some very unorthodox methods to cure this however. After an unbelievable tragedy he was given retirement. This was not what he had in mind by any stretch of the imagination, and so he used his extraordinary skills and abilities to give him an edge on the strange world where he had been retired to live. The only problem was with his own ambition, which was unleashed in all of its fury on the inhabitants of his retirement home.
