If you are fed up with seeing crime on your nightly news that make you feel like you're living in a war zone...

Or if you're sick and tired of living in fear in your own house or apartment...this may be the most important book you ever read!

Here's why...

Most people have never thought about what they would do if confronted by a burglar. They don't have a clue!

Nor do they have any idea what they can do to reduce their chances of being singled out and chosen by a burglar in the first place.

Others have not made even the slightest effort to avoid becoming a victim.

But your chances of preventing a burglary to your home just got better than ever!

I will show you exactly how the burglar selects his target.

You will learn that "tough targets" don't get selected and you'll learn how to turn your house or apartment into a TOUGH TARGET!

You will learn easy steps you can begin to take immediately, things you can do right now, today, to reduce your chances of being burglarized.

You will learn that YOU ALONE are responsible for your safety.

You will learn how to make a plan to keep yourself, your home, your family and your possessions safer and more secure from all the low-life scum bags that are just looking for an opportunity to make an easy score out of YOU!

So imagine this...Instead of laying awake at night worrying that someone will break into your home, you're confident you have taken specific steps to fortify your security.

Think about how incredible you will feel.

WOW—now that's something you can really get excited about!

Here are some of the tips, tricks and techniques you will discover:

Why more people don't take steps to protect their homes against burglars -- and why that's good for you!

Why you can't rely on the police, homebuilders, or locksmiths to keep you safe.

Three things burglars don't like.

How most burglaries occur.

How burglars select their target.

When most burglaries occur -- when you understand this you'll understand a key concept in burglary prevention.

Physical security suggestions to beef up the strength of your doors.

What to do with your hinges to prevent burglars.

The best type of locks for your doors.

How to select the best motion sensor light.

How to secure your windows and patio doors.

A \$4.95 item to scare off burglars.

How to determine if you need an alarm system and what every alarm system must have.

How to install your own alarm system for around 300 bucks and get professional monitoring for half what the nationally advertised companies charge!

The best type of fence from a crime prevention standpoint.

How to trim your shrubs, bushes and hedges to prevent window peepers, prowlers and burglars.

Free software to turn your webcam into a surveillance camera.

Much more...

According to the Federal Bureau of Investigation one burglary occurs every 14.3 seconds. The sad fact is many of these are preventable, had the victims only known what to do or taken some other action. Don't you become the next statistic!
