Wave of Destruction: The Stories of Four Families and History's Deadliest Tsunami Erich Krauss

This exquisitely written book puts a human face on the tragedy of last year's Southeast Asian tsunami through the heartbreaking and heroic stories of four who survived this cataclysmic natural disaster

Erich Krauss arrived in the Thai village of Nam Keam on a relief truck 12 days after an underwater earthquake of unimaginable magnitude erupted across the ocean floor and unleashed a tsunami that destroyed millions of lives and decimated the coastline of Southeast Asia. Wandering around the wreckage in a contamination suit, trying to deliver food and water, he found survivors desperate to tell him what their village had been like and how their lives had been changed forever. In *Wave of Destruction*, Krauss shares the pain and privation of four villagers who made it through alive only to bury their family and friends.

Beginning with their fight for life as a 40-foot wave crashed down upon their community, and ending with their slow, confusing quest to rebuild after the last of the bodies had been buried, Krauss unveils the actions and thoughts of ordinary people who were forced to brave extraordinary circumstances. Much like John Hersey did in his acclaimed book *Hiroshima*, Krauss, a gifted writer and expert in Thai culture, allows the reader to experience one of the worst disasters the world has ever known through the eyes of those who will never be able to forget.

Ramon Lopez:

Is it you who having spare time then spend it whole day through watching television programs or just lying on the bed? Do you need something totally new? This Wave of Destruction: The Stories of Four Families and History's Deadliest Tsunami can be the reply, oh how comes? A fresh book you know. You are so out of date, spending your free time by reading in this new era is common not a nerd activity. So what these textbooks have than the others?

Pearl Minjares:

As a pupil exactly feel bored to reading. If their teacher questioned them to go to the library or make summary for some e-book, they are complained. Just small students that has reading's soul or real their pastime. They just do what the professor want, like asked to the library. They go to generally there but nothing reading seriously. Any students feel that studying is not important, boring along with can't see colorful photographs on there. Yeah, it is to become complicated. Book is very important in your case. As we know that on this age, many ways to get whatever we want. Likewise word says, many ways to reach

Chinese's country. So , this Wave of Destruction: The Stories of Four Families and History's Deadliest Tsunami can make you truly feel more interested to read.
