We Remember: Women Born at the Turn of the Century Tell the Stories of Their Lives in Words and Pictures Jeanne Marie Laskas

In *We Remember*, twenty-five women born at the turn of the century speak of the wonder and shared wisdom that could come only from experiencing--firsthand--the most dramatic century of all time. This visually rich volume provides a rare glimpse of the complex feelings--the triumphs and frustrations--that have gone into the emergence of the modern American woman.

Filled with engrossing portraits of the famous and the little-known, *We Remember* brings into focus the scope and diversity of lives that spanned two world wars, the Great Depression, the administrations of nineteen presidents, the New Deal, and the industrial and information revolutions.

With an introduction by Hillary Rodham Clinton, and the words and pictures of these extraordinary women, *We Remember* composes an anthem of the feminine soul that, until now, has never been heard in such symphony.
