The first two volumes chronicling the unique art and design of Roger Dean met with huge critical and popular success. *Views* (1975) went straight to number one in the *Sunday Times* bestseller list and went on to sell over a million copies. *Magnetic Storm* (1984) sold over 650,000 copies. These new editions, reworked to accompany the publication of the third book in the trilogy, *Dragon's Dream*, showcase the instantly recognizable work of Roger Dean.

*Views* showcases the first seven years of Roger Dean's work after his graduation from the Royal College of Art in 1968. It includes paintings and graphics; branding such as the Yes typography and the first Virgin Records logo; groundbreaking stage sets; and album art including iconic early Yes covers such as the award-winning *Tales From Topographic Oceans*. The new edition streamlines the original square format and retains the combination of concept sketches and brilliantly displayed finished work. Featuring a new foreword, revised typography, and graphic openers and identifying icons, *Views* showcases and celebrates the art that defined an era.
