Kidnapped and taken to the notorious vampire asylum at Tor Cliff, Abby Hart soon discovers that two very brilliant men are competing to discover the secret that's buried deep in her mind. At the same time, a timid werewolf tries to retain his sanity, despite being subjected to a series of terrifying experiments. Just as he's about to give up hope, however, he meets someone who recognizes his true potential. Meanwhile, beyond the walls of Tor Cliff, the mysterious Dronigan guards his realm, picking off anyone who dares try to escape.
