Over 60 single-sided varied illustrations, with quests and cute garden visitors along your leafy adventure.

Including... colour and fold your very own 3D paper flower and bookmark! Adequately sized spaces within the designs help offer you an enjoyable experience (not so small that it's too difficult to colour, although you have the option to combine the spaces with one shade- allowing the lines to be just the texture of the leaf or flower) plus areas where you can loosen up your wrist a little to colour and shade or add your own doodles! Large illustrations are single-sided, with smaller embellishments on the reverse (left pages) I hope you enjoy bringing them to life!
