We have all heard of 'body language' a very important part of communication which constitutes 50% or more of what and how we communicate. What is less understood is that the way people speak-- the sound they make-- is important in communication as well.

For the population in general, apart from accents, we distinguish very little: high voice, deep voice, squeaky voice, rich voice -- we tend to leave it at that. In fact, the way your voice resonates tells a detailed story about you, not only about your present state of mind, but about your history, and this is not accents we are talking about.

This volume uncovers many startling new aspects of the human voice and how we communicate, or fail to communicate. Every sound we make gives information about how we feel, and if understood properly, this information can be quite useful to enable one to become a more skillful listener and to communicate with a much greater impact.

This inspiring book by leading voice coach Judy Apps, shows you how to awaken the energy of your true voice to speak from your head, heart, gut and your soul. Bringing together knowledge from voice training, NLP, Ailido, Alexander Technique, Bioenergetics, Feldenkrais, and other mind-body techniques, *Voice of Influence* will give you the means to reach people at a deeper level to enable you to motivate and inspire. Through this journey of discovery, you will literally 'find your own voice' in all sense of the phrase.
