In this increasingly technological age, new inventions seem more prevalent than ever before, and innovation is a growing source of revenue. At the same time, the laws governing intellectual property, particularly patents, are changing as the legislature and courts try to keep pace with the shifting world. How can lawyers guide their clients through the patent process and protect them against challenges and infringement? The Impact of Recent Patent Law Cases and Developments is a valuable resource, presenting the expertise of seasoned lawyers on a number of issues in the patent law field. These authors discuss the Leahy-Smith America Invents Act and its ramifications, recent changes at the United States Patent Office, and cases such as Alice v. CLS Bank, Octane Fitness v. Icon Health, and Highmark v. Allcare. Whether your client is trying to have a patent granted, challenging an infringement, or defending themselves against patent trolls, this book will provide clear, helpful advice.

Inside the Minds provides readers with proven business and legal intelligence from leading C-Level executives and lawyers. Each chapter offers thought leadership and expert analysis on an industry, profession, or topic, providing a future-oriented perspective and proven strategies for success. Each author has been selected based on their experience and C-Level standing within the business and legal communities.
