## **Fish Tree Tales: Stories from Japan** Sue Six

Anyone who's ever lived in a foreign country knows what it's like to misunderstand the natives and their ways of doing things. Even if you've mastered the language, you may find yourself wondering more than you'd like to admit, "Why do they do it THAT way?" Living in a foreign culture creates uncertainty, confusion, and misunderstanding, even when you speak the language. While not always fun at the time, these events can make for great stories later.

This collection of short stories mixes fact with fiction, which is something the foreigner may be unsure of anyway. Even after six years in Japan, many times the author still wasn't quite sure what was going on.
