Touched by the Dragon's Breath: Conversations at Colliding Rivers Michael Harrington

Touched by the Dragon's Breath is based on actual conversations that took place between the author and his mentor, John Redstone, splashed against the backdrop of Colliding Rivers in Southern Oregon. These weekly discussions, spanning more than three years, explain in detail the significance of 2012, the Photon Belt, Zero Point, the light wave of creation, and the 50-year Time/Space Overlap Zone between the Piscean Age and the Age of Aquarius. In two related conversations about the Seedbed and the Mirror of Life, John Redstone reveals his step by step approach to cleaning up the Belief System, a key element in preparing for the global frequency shift commonly called the Shift of the Ages that will usher in a new Golden Age. In a separate chapter highlighting prophecies from the Hopi, Maya, Aztec, and Tibetan cultures, the author substantiates many of Mr. Redstone's views on 2012 and the Photon Belt, a spectacular band of multi-dimensional light, secretly known to some as the Dragon's Breath. The author also provides valuable, little-known information about water, as well as personal glimpses into his own spiritual journey; most notably, a quest that began over 70,000 years ago in the ancient land of Lemuria.
