Okay, so you had fun with your friends last night and drank a bucketful of alcohol. However, this morning you found it hard to wake, your head was pounding like a pneumatic drill and you were feeling more than a little nauseous. And what was wrong with you? A hangover that's what! The term 'hangover' may not be familiar to everyone, but for many of us, it's a word that brings a chill to the very thought of waking up in the morning, still tired with an aching body, a headache, feeling nauseous and with a mouth dryer than the sole of an Afghanistani's flip-flop. Yet, most people don't even think about the consequences while out partying with friends and family.
