This exciting new PDA product will be an invaluable quick access resource allowing the student and junior doctor to move from a presenting problem to a diagnosis. The content covers 100 common presenting problems which occur in both medicine and surgery and provides user with this essential diagnostic content for loading onto a PDA from the enclosed CD-ROM.

- Each problem can be quickly accessed on a PDA with the information presented in a standard manner:
  - a brief definition of the problem
  - a reference table of possible diagnoses ordered by body system
  - a step-by-step guide to the history and examination of the patient with a view to making a final positive diagnosis
  - a list of general instructions which could be carried out, followed by appropriate specific investigations.
