Cole Musgrave's dream of interstellar travel is about to become a nightmare. When a high-profile delivery is compromised aboard a state-of-the-art cargo vessel, the newly appointed captain finds himself embroiled in an assignment far above his pay grade.

Blackmail, terrorists, a malfunctioning prototype A.I. pilot, and a sinister terraforming corporation with deep criminal ties await him. Who knew delivering cargo to the deep recesses of space could be so dangerous?

Armed only with his cunning and past military experience, Cole is one against many. But this unorthodox interstellar cargo pilot won't go down without a fight - even after he is faced with a choice that will alter the course of his life forever.
