## **A World Without Bees** Ken W. Peters

When Zoe gets stung by a bee, while picking flowers, she wishes aloud that there were no bees in the world. Later a fairy comes to her and takes her to a "possible world" where the bees have all disappeared. She goes on a journey and finds out all that bees do for us. At the end of the book are helpful bee facts and information about what we can do to help bees. This is a book designed to be read to children from preschool to about grade 2 level. Because Amazon charges \$9 for shipping this book (at least to Canada), I have raised the price to \$12.59 so that 2 copies will meet the \$25 required for free shipping.
