As a student, I exactly feel bored to help with reading. If their teacher questioned them to go to the library in order to make a summary for some publication, they are complained. Just minor students that have a reading spirit or real leisure activity. They just do what the instructor wants, like asked to go to the library. They go to the library now but nothing is read significantly. Any student feels that examining is not important, boring and also can't see colorful images on there. Yeah, it is to be complicated.
