Why were the early Christians willing to die to protect a single *iota* of the creed? Why have the Judeans, Romans, and Persians—among others—seen the Christian creed as a threat to the established social order? In *The Creed: Professing the Faith Through the Ages*, bestselling author Dr. Scott Hahn recovers and conveys the creed's revolutionary character.

Tracing the development of the first formulations of faith in the early Church through later ecumenical councils, *The Creed* tells the story of how the very profession of our belief in Christ fashions us for heavenly life as we live out our earthly days.
